For more detailed information on these activities or general club and reserve information visit www.ingersollnatureclub.com or look for us on Facebook.

Who we are and what we do...

Ingersoll District Nature Club (IDNC) is interested in the development and preservation of nature in Oxford County. The Club proudly celebrates its 71st anniversary this year.

Memberships and donations are always appreciated to allow us to continue with our stewardship role of the Lawson Nature Reserve. The club also needs help with the physical maintenance of the Reserve. As stewards of the property, we maintain trails, bird feeders and structures on the property on behalf of Ontario Nature, who own the reserve. All upkeep is done by volunteers, usually twice a year or as needed.

If you are interested in joining IDNC as a member, or are willing to have your name added to our Lawson Nature Reserve volunteer list, please contact any of the following:
